

AKSHAYA NIVEDITHA

AI/ML Engineer Intern

Chikkaballapura, Karnataka, India | +91 9535572301 | akshayaniveditha548@gmail.com

github.com/AkshayaNiveditha | linkedin.com/in/akshaya-niveditha

PROFESSIONAL SUMMARY

Final-year B.E. Artificial Intelligence & Machine Learning student (CGPA 8.83) with strong foundations in Python, data structures and algorithms, and classical machine learning. Currently on an intensive, structured ML engineering program, building one machine-learning project per algorithm learned and publishing daily to GitHub across healthcare, fintech, and e-commerce datasets. Seeking an AI/ML internship to apply rigorous, well-evaluated modeling and clean engineering practice to real products.

EDUCATION

Bachelor of Engineering (B.E.), Artificial Intelligence & Machine Learning

Sri Siddhartha Institute of Technology, SSAHE University — Expected Graduation: 2027 | CGPA: 8.83

TECHNICAL SKILLS

- Programming Languages: Python, C++, C, JavaScript
- Machine Learning: scikit-learn, NumPy, Pandas; algorithms including SVM, KNN; model evaluation (train/test methodology, classification metrics)
- Core Concepts: Data Structures & Algorithms (arrays, strings, recursion, searching, sorting), Object-Oriented Programming
- Web Technologies: HTML, CSS, Bootstrap
- Databases: SQL
- Tools: Git, GitHub, VS Code, Jupyter Notebook

PROJECTS

ML Algorithms Portfolio — building in public | github.com/AkshayaNiveditha/ml-algorithms-portfolio

- Ongoing portfolio: one complete mini-project per machine-learning algorithm (SVM, KNN, logistic regression, tree ensembles, clustering), each on a distinct real dataset across healthcare, fintech, and e-commerce domains
- Each project includes a from-scratch NumPy implementation alongside the scikit-learn version, leakage-aware train/test methodology, task-appropriate metrics, and a plain-language README
- Committed and pushed to GitHub daily as part of a full-time structured ML engineering curriculum

CERTIFICATIONS

- Introduction to Databases (SQL) — NxtWave
- Programming Foundations with Python — NxtWave
- Build Responsive Website — HTML, CSS, Bootstrap

ADDITIONAL INFORMATION

- Available for Summer Internship (8–12 weeks)
- Strong analytical thinking and problem-solving skills; daily GitHub contributor
